

CUSTOM SHOWER 4

PAGE 1 OF 3

For Custom Shower 4, Advocate used the KBRS Point Drain System right drain model for a post water damage existing shower alcove remodeling job. We used 12x12 inch floor tiles, bullnosed edge tiles and Laticrete tile products.

Advocate Insurance Restoration & Remodeling proudly uses

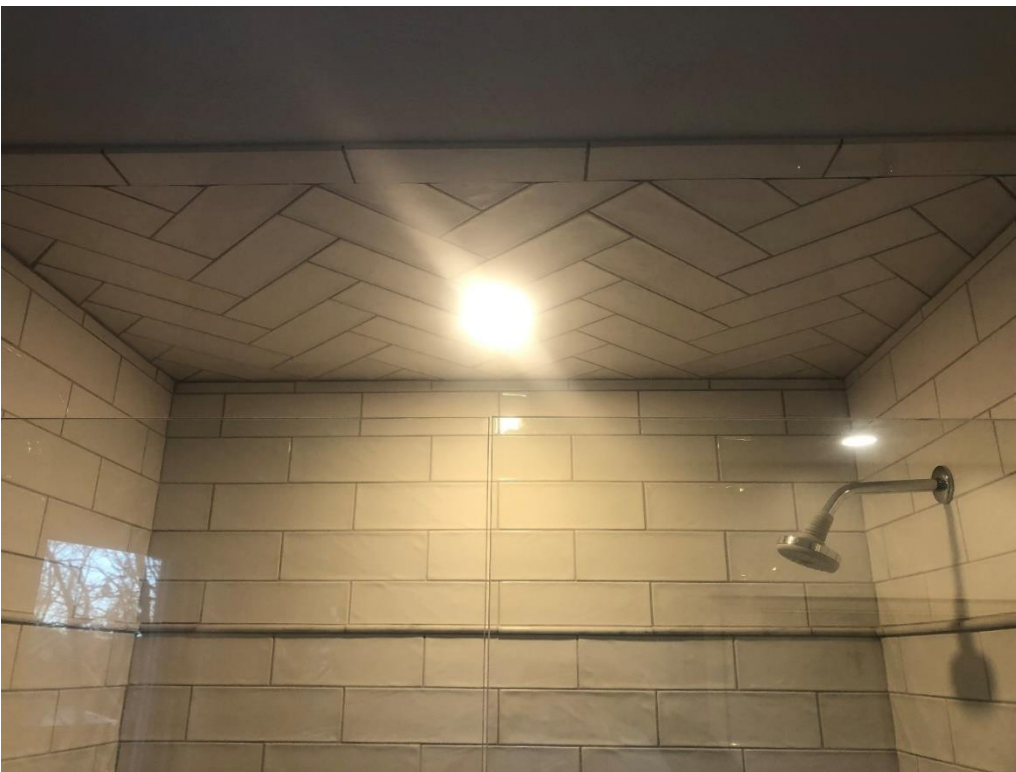

KBRS products WITH PERMISSION OF KBRS®

Almost all the KBRS line of products are shown in this pic

4x12" tiles on the walls, 2x2" tiles on the floor with a granite bench seat and granite shower dam

Herringbone ceiling bonnet with bullnose edge, pencil accent molding and a DALI wet installation area light.

Custom granite counter and backsplash with a square sink – these are getting popular. Delta fixtures here.

Everybody's favorite day is pack up day from what I've heard. Advocate's favorite days after were the three referrals she got me....just sayin'.
